

# Climate Change Policy After Kyoto: Blueprint For A Realistic Approach

## Climate Change Policy for India\*

Warwick J. McKibbin\*\*  
The Lowy Institute for International Policy, Sydney;  
Centre for Applied Macroeconomic Analysis, ANU, Canberra ;  
and The Brookings Institution, Washington DC.

Revised Draft 30 April 2004

\*This was prepared for the Conference to celebrate 10 Years of ASARC to be held at the ANU April 27-28. The author thanks Dr Kanhaiya Singh for helpful discussions. The research is part of a larger project on global climate change undertaken jointly with Peter Wilcoxon of Syracuse. Many of our joint ideas permeate this paper. The views expressed in the paper are those of the author and should not be interpreted as reflecting the views of the Institutions with which the authors are affiliated including the trustees, officers or other staff of the Lowy Institute or The Brookings Institution.
